What is CloudBolt Cost & Security Management Platform?

CloudBolt Cost & Security Management Platform delivers complete cloud cost visualization, insights for continual optimization, and security for public cloud with a focus on automated outcomes. When your public cloud usage scales beyond human control, let Cost & Security Management Platform enhance service efficiency through policy-driven automation. With Cost & Security Management Platform, you can manage your cloud deployments intuitively—and with the confidence that any misconfiguration will be automatically remediated.

What is the Free Cost Assessment, and why do you need it?

Our cost assessment helps you understand your cloud environment more comprehensively. It's designed to analyze your multi-cloud environments and provide deeper insights about overall cloud usage, efficiency, and identify opportunities to curb cloud costs. This assessment has helped organizations of all sizes to save up to 40% on cloud costs. Check out an actual cost assessment below for your reference.

What Should You Provide For a Free Cost Assessment?

This 3-5 working days assessment is done directly in Cost & Security Management Platform. To provide an accurate overview of your cloud environment, we need following information from you for your AWS, Azure environments:

- *Least privilege read only role to AWS, Azure Consolidated Billing Account*
- *Least privilege read only role for AWS, Azure Workload Accounts*
- *An existing AWS, Azure Cost and Usage Report with at least 3 months existing data*

Once we receive this information from you, we ingest it in Cost & Security Management Platform and run various scenarios to optimize your cloud and maximize savings. This is then presented to you by our team and a final report is left behind with you. As highlighted earlier it includes your usage, spend information and opportunities for savings highlighted. That's it. No hassle, no gimmick!

Take the next step

This limited-time free assessment provides an exciting opportunity to understand your public cloud environment on a very granular level. Reach out to your CloudBolt sales contact or email us at sales@cloudbolt.io.
